## About Single Box Dispenser II:

### Single Box Dispenser II (SBD II) integrates within the versatile SmartDrawer to offer even more high density storage from 128 individually locked compartments.

SBD II delivers easy-to-use secure storage of high value, mission critical products including multiple insert package sizes. Having selected their chosen product from the easy-to-use touchscreen interface, LED lights direct the user to the relevant drawer and unlocked cartridge. Combined with Rapid Refill technology, SBD II saves time, resources and reduces waste, as no repackaging is required.

As part of a SmartDrawer vending system, SBD II offers the full range of user and administrative capabilities from SupplyPro. SmartDrawer requires only a power supply and a network connection for full connectivity to the cloud based SupplyPort database. Monitor the activity, stock levels and alerts at your device from anywhere, 24 hours a day.

## Specifications:

Internal cartridge dimensions: 129.6 mm x 60 mm x 19 mm

This diagram assumes the Box Dispenser is in the top drawer (normally drawer A).

A-A001-01 = Cabinet

A-A001-01 = Top drawer, rows 1 to 8

**Remote Support:** SmartDrawer and SBD II's network connection allows remote support from our dedicated UK vending experts.

**Reliable Dispensing:** SBD II's electronic release mechanism is reliable and simple to service.

**Tooling Intelligence provides innovative inventory management solutions to organisations and industries across the United Kingdom and Europe.**

We are experienced in providing state-of-the-art inventory management technology to our customers. We were founded in 2006 by a team of engineering experts and business specialists, who had the vision to combine cutting-edge solutions with premium customer service. We work with partners across numerous sectors, including aerospace, medical, precision engineering, oil and gas and many more.

## Cutting-edge products

We have a broad range of products in our portfolio. Whether you are looking for a mobile inventory management solution for your on-the-go teams or a heavy-duty dispensing unit with complete visibility, you'll find something to suit your requirements with us.

**Browse our website to learn more about our products or contact our experienced team for more information.**

## Access ongoing support

We know that the journey doesn't end once the installation is complete. We pride ourselves on our level of service, making sure you receive the support you need throughout the process. Whether you want to expand your existing inventory management solution or need technical help, our service team are always on hand to assist you.

## Personalised service

We are an independent business, which means we always provide a high-quality, personalised service to our clients.

From the very start of your project, we work closely with you to find the right inventory management solution for your application. Our products are customisable too, which means we can help you design and create the ideal technology that meets your exact requirements.

## Visit our centre

We understand that the best way to appreciate our products is to see them in action. That's why we invite our customers to our specialist Demonstration Centre to see the full potential of the solution in person.

Here, you can browse the full SupplyPro product range, as well as our service and support tools. You will have the opportunity to meet our knowledgeable team too.
