About SupplyVend:

Introducing the exciting new line of asset management lockers from SupplyVend®. Designed to be cost-effective, scalable and intuitive, they make asset management easy, whether you're in a distribution center, warehouse or on the manufacturing floor. When you automate the management of critical assets with SupplyVend, you'll benefit from real-time check-in, check-out visibility and tracking for improved visibility and reduced waste.

SupplyVend Delivers:

Secure access

Based on job function, department, work orders and more

Versatile configuration

Choose from 7 Main configurations and 7 Auxiliary configurations

Full usage audit trails

View product, who used it and where it was used.

Features:

-  LED lighting for enhanced product visibility
-  Accessible design
-  Storage capacity for 11-77 items per system
-  Automated notifications, updates and alerts on unreturned or missing equipment
-  Audit history by product and user

Install up to 3 SupplyVend Auxiliary units to one SupplyVend Main unit. Auxiliaries can be all the same or mix of any available door configurations.

RFID card reader is standard with asset management lockers, or select from other popular readers.

SupplyVend Auxiliary Configurations: Standard Overall Dimensions: 79.50"H x 38.00"W x 26.70"D

SupplyVend Compartment Dimensions:

*All Dimensions Represent the Maximum Usable Storage Space. Standard Depth: 23.75"D

Tooling Intelligence®

ISO 9001:2015 Certified 

Tooling Intelligence provides innovative inventory management solutions to organisations and industries across the United Kingdom and Europe.

We are experienced in providing state-of-the-art inventory management technology to our customers. We were founded in 2006 by a team of engineering experts and business specialists, who had the vision to combine cutting-edge solutions with premium customer service. We work with partners across numerous sectors, including aerospace, medical, precision engineering, oil and gas and many more.

Cutting-edge products

We have a broad range of products in our portfolio. Whether you are looking for a mobile inventory management solution for your on-the-go teams or a heavy-duty dispensing unit with complete visibility, you'll find something to suit your requirements with us.

Browse our website to learn more about our products or contact our experienced team for more information.

Access ongoing support

We know that the journey doesn't end once the installation is complete. We pride ourselves on our level of service, making sure you receive the support you need throughout the process. Whether you want to expand your existing inventory management solution or need technical help, our service team are always on hand to assist you.

Personalised service

We are an independent business, which means we always provide a high-quality, personalised service to our clients.

From the very start of your project, we work closely with you to find the right inventory management solution for your application. Our products are customisable too, which means we can help you design and create the ideal technology that meets your exact requirements.

Visit our centre

We understand that the best way to appreciate our products is to see them in action. That's why we invite our customers to our specialist Demonstration Centre to see the full potential of the solution in person.

Here, you can browse the full SupplyPro product range, as well as our service and support tools. You will have the opportunity to meet our knowledgeable team too.
